

Be present on Google!

Use **Google Bussiness Profile**

Create a Google Bussiness Profile for your company and get new clients with Google Search and Google Maps. You can customize your profile with photos, new offers, posts and other useful information.

Make a good first impression. Show why your company is better than others and show what makes you unique.

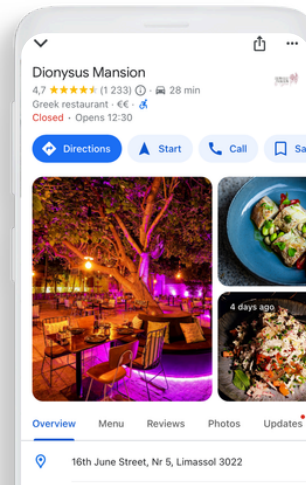

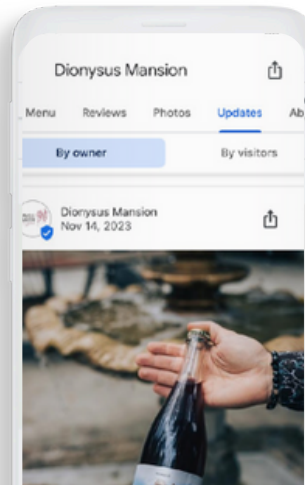

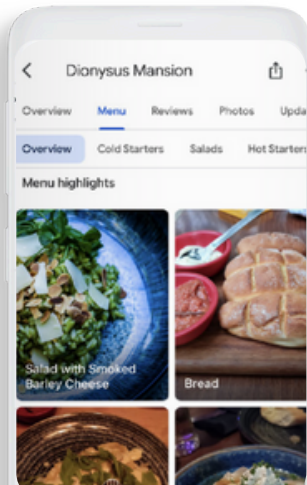

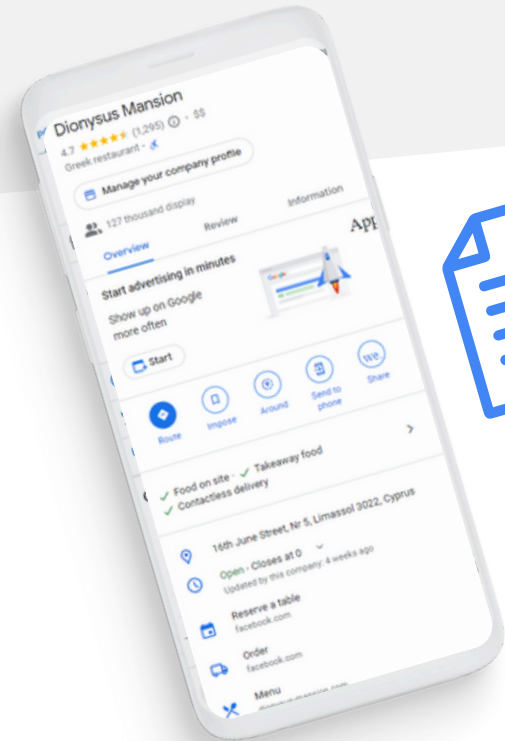

Those not present on Google are as if they didn't even exist

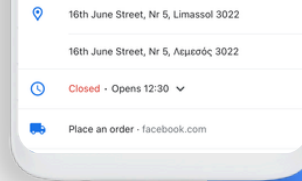

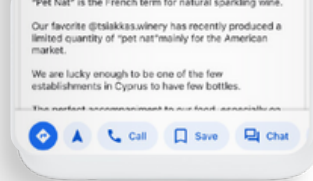

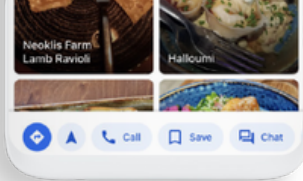

1 Add important information

Add contact information such as phone number, website, email address, address, opening hours and attributes

2 Add photos

Add **photos** to your profile. Show your potential clients your **services, products**, your company's **interior, logo** and other interesting things your company has to offer. It doesn't make a difference if you have a restaurant or you provide services, your profile makes it easier for your clients to find your **menu**, price offers and everything else.

3

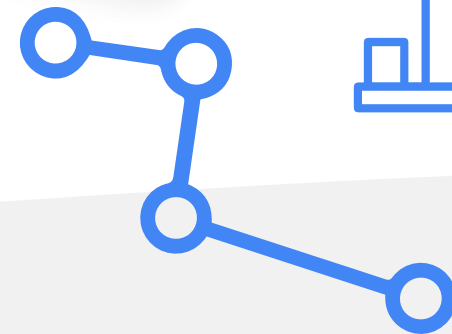

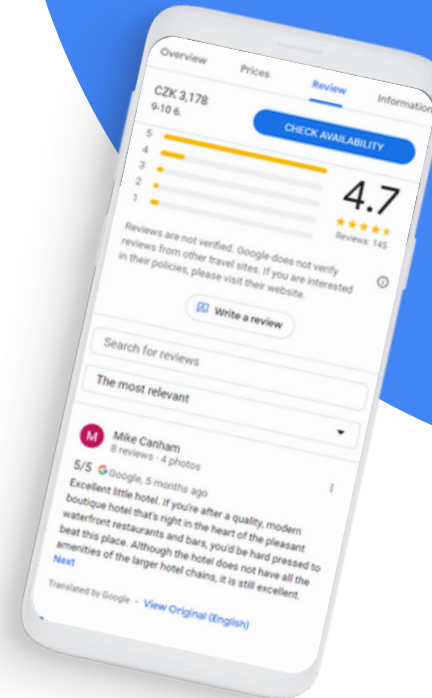

Get in contact with your clients

Keep your clients up to date about new offers with posts and messages. Respond to your existing and new clients rating you, thus gaining their trust. Answer frequently asked questions or let your clients answer according to their own experiences.

4

Follow the statistics

Find out how clients are searching for your company, what keywords people use when trying to find it and get useful information regarding calls, rankings, bookings etc. Take a look at how did your popularity rating change since creating your Google profile.

We set up and edit your Google profile for you!
You don't have to do anything with it. The only thing you will have to work with are the new clients coming to your business as your company and popularity grows.

At the beginning of our **work together** we will make a plan according to the available resources. We create and publish your Google Business profile.

We put your company's headquarters to the **correct place** so your future clients will be able to find it easily.

Your **profile** will always be **up to date** with the latest news. It will always be attractive so it can achieve its goals perfectly both on Google Search and Maps.

At the beginning of each month you will receive **statistic** summarizing your standings and progress.
